A Leader in Lighting since 1946

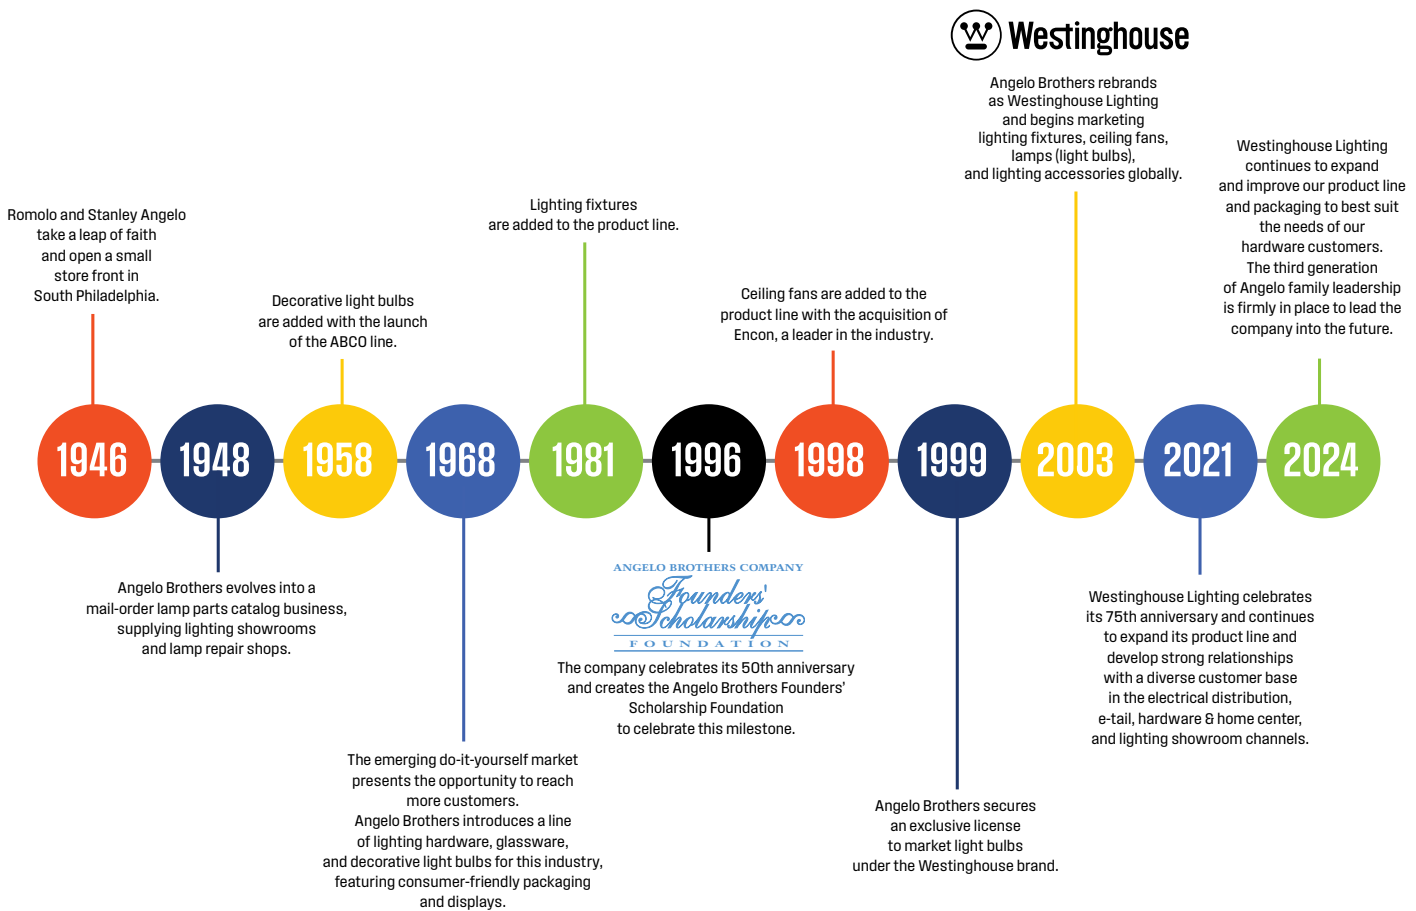

It all started in 1946 with two brothers and a small corner store in South Philadelphia. From this humble beginning, Angelo Brothers evolved into Westinghouse Lighting and the industry leader that we are today.

For over 75 years, our customers have always been our top priority. While our company has grown in both size and scope, we have remained committed to our core values of customer service, quality products, and sustainability.

We are proud to be one of the few privately held, multi-generational family businesses in the lighting manufacturing industry. Our team combines generations of experience with exceptional industry knowledge. As the only global lighting company to carry a complete line of lighting fixtures, ceiling fans, lamps, and lighting accessories, we are well-positioned to suit the ever-evolving needs of our residential and commercial customers alike.

Our Founders: Romolo & Stanley Angelo

What sets us apart

Dedication to Customer Service

Our team strives to deliver the best customer experience every time. Our ability to consistently provide quality products, timely shipments, and friendly service has earned us a reputation of trust with new and long-standing customers alike.

Quality Products & Competitive Pricing

We believe well-made products should also be accessible. Our strong supplier relationships allow us to provide our customers with competitive pricing on our vast assortment of high-quality lighting solutions. We offer a wide selection of indoor & outdoor lighting fixtures, ceiling fans, lamps, and lighting accessories at various price points, to ensure we have the perfect product for any need.

Our Team

Our knowledgeable, experienced, and tight-knit team has been the cornerstone in our continued success and growth throughout the years. Our team is always available to offer support and guidance for all your lighting needs.

Industry Knowledge

Our dedicated team is passionate about lighting and keeping up with the latest trends, styles, and products for both residential and commercial markets.

HUGGER*

This ceiling fan is designed to be mounted flush against the ceiling. It cannot be installed with an extension down rod or remote control.

DOWN ROD ONLY**

This ceiling fan must be installed with the included down rod during installation. It can also be installed with an extension down rod.

DUAL MOUNT SYSTEM***

The ceiling fan can be installed with or without the included down rod. In rooms with low ceilings, installing the fan without the down rod will increase the distance between the floor and the fan blades. It can also be installed with an extension down rod in rooms with high ceilings.

HUGGER*

This ceiling fan is designed to be mounted flush against the ceiling. It cannot be installed with an extension down rod or remote control.

DOWN ROD ONLY**

This ceiling fan must be installed with the included down rod during installation. It can also be installed with an extension down rod.

DUAL MOUNT SYSTEM***

The ceiling fan can be installed with or without the included down rod. In rooms with low ceilings, installing the fan without the down rod will increase the distance between the floor and the fan blades. It can also be installed with an extension down rod in rooms with high ceilings.

PORTABLE/DESKTOP FANS

Built to meet the highest standards, Westinghouse portable fans set new benchmarks for quality, performance and design.
